

Johanna Allert to leave PostNord

After 20 years at the company, Johanna Allert, member of the Group Management and Head of the Technology & Infrastructure Unit, has chosen to leave PostNord at her own request, to seek new challenges. Johanna has a six-month notice period and will remain in her role until a replacement has been appointed, but not for more than six months. The process of finding a successor to Johanna starts immediately.

"After a great deal of reflection and having taken many aspects into consideration, I have come to the conclusion that it is time for me to look for new challenges outside PostNord", says Johanna Allert.

"At the end of the year, I will have had the privilege of working at Posten and then PostNord for 20 years. It has been an amazing time for me, during which I have had great opportunities to develop my leadership and skills, and to work with numerous competent and committed employees. PostNord has undergone major changes during that time, and I am very proud of the role I have had in that work. After all these years in the company, I now feel that it is time for me to take the next step in my personal and professional development", concludes Johanna Allert.

"It was sad to hear that Johanna has chosen to end her long period of employment at PostNord to seek new challenges. Johanna has been a popular part of our team and a skilled member of the company's management group. I am sure that a lot of us in the company will miss Johanna when she leaves", says PostNord President and Group CEO Håkan Ericsson.

"The process of finding Johanna's successor, a process in which we will look both internally within the company and also for suitable external candidates, will start immediately", says Håkan Ericsson.
