

postnord

PostNord Parcel

PostNord Parcel is a reliable, full-coverage B2B delivery service across Sweden, Denmark, Norway, Finland, and the rest of Europe. With one seamless solution for all markets, making cross-border logistics simple and efficient, whether you're shipping small volumes or scaling up to larger flows, with no capacity limits.

PostNord Parcel

Dimensions and Weight

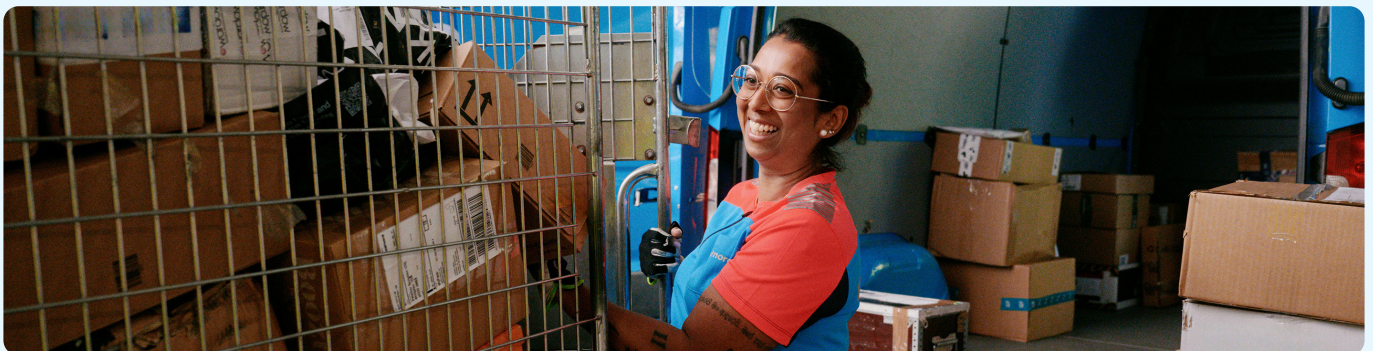

Minimum size: **150 x 100 x 15 mm**

Maximum length: **1.75 m**, total size (length + circumference): **3 m**

Weight up to **35 kg** within the Nordics, **31.5 kg** within Europe

You can count on fast, stable deliveries. Within Sweden, parcels typically arrive the next working day (Monday to Friday), while delivery times across Europe vary by destination.

Shipments up to **20 kg** are delivered directly to the recipient's door. Heavier goods are delivered to a quay, loading zone, or goods reception area. For added flexibility, deliveries can also be routed to a PostNord service point, giving recipients more control over when and where they collect their parcels.
