## Clearance at Destination

### Max. declared value:

2,500 USD

Must provide data for customs clearance.

(Customer's information, package information etc.)

The Importer of Record (IOR) must be an individual person not a company. B2C Only.

### Duty and tax de minimis

Duty and tax de minimis: 10,000 JPY

Applied to the CIF value of the order (in Japan, the CIF differs based on whether it is a business-to-business (B2B) or business-to-consumer (B2C) shipment)

### De minimis value

Duty and tax will be charged only on imports into Japan when the total CIF value of the import exceeds Japan's minimum value threshold (de minimis), which is 10,000 JPY. Anything under the tax de minimis value will be considered a tax-free import, and anything under the duty de minimis value will be considered a duty-free import.

### Import tax

Standard rate: 10%

Reduced rate: 8%

Applied to the CIF value of the order

### Consumption tax/Value-added tax (VAT)

The consumption tax was implemented in Japan in 1989 with a standard rate of 3.0%. Over the years, the tax has increased to a standard rate of 10% and a reduced rate of 8% for certain goods.

The VAT is charged based on the CIF value of the order.

The standard rate is comprised of a 7.8% national consumption tax and an additional 2.2% local consumption tax, totaling a 10% tax charge on imports where the CIF value is greater than ¥10,000.
